## OBJECTIVE

Seeking a challenging role as a Web Developer to leverage my skills in PHP and Laravel for innovative web solutions.

## EXPERIENCE

### Web Developer

Tech Solutions

April 2025 - Present

- Developed dynamic web applications using PHP and Laravel frameworks, significantly improving user experience.
- Collaborated on API integration projects, enhancing data retrieval efficiency and performance.
- Utilized version control systems like Git for efficient project management and teamwork.
- Implemented responsive designs that improved mobile accessibility and user engagement.

### Junior Web Developer

Web Innovators, Software Division

June 2023 - April 2025

- Assisted in developing web applications, contributing to both front-end and back-end functionalities.
- Engaged in debugging and fixing issues across various platforms, enhancing overall performance.
- Supported project teams in agile methodology, ensuring timely delivery and quality output.
- Gained hands-on experience in various technologies, enhancing my technical skill set.

## EDUCATION

### BS Software Engineering

MUST University

Expected to graduate in 2022

### Intermediate (11th-12th)

Govt. Boys Degree College

2023-2025

83%

## PROJECTS

### E-commerce Platform

Online Store

Developed an e-commerce platform allowing users to browse, purchase, and manage their orders seamlessly.

### Portfolio Website

Created a personal portfolio website showcasing projects, skills, and professional achievements to attract clients.

## VOLUNTEER WORK

### Tech Mentor

Local Community Center

January 2023 - Present

- Mentored young students in coding basics, fostering interest in technology.
- Organized workshops on web development tools and techniques, improving community skills.
- Collaborated with educators to create engaging learning materials and resources.
